

Mayor Roman and Councilwoman McGrath support a cannabis dispensary in the Kings Shopping Plaza!

Dear Neighbors,

I am reaching out to inform you of a pressing issue concerning our town. Mayor Alex Roman and Councilwoman Christine McGrath are actively working to place a cannabis dispensary in the heart of our town. They've already hired a consulting firm with taxpayer dollars that picked a location for the dispensary and are making financial forecasts that factor its tax revenue into our annual budget.

As a council candidate, if elected, I will do everything in my power to prevent a marijuana dispensary from operating in Verona. No amount of additional tax revenue from a dispensary is worth sacrificing our families' and most importantly, our children's quality of life.

Very truly yours,
Christian Strumolo

Verona is in desperate need of new leadership.
